

ADVERTISING MEDIA KIT 2020

ADVERTISING OPPORTUNITIES WITH CANTERBURY WEATHER UPDATES

CANTERBURY
WEATHER UPDATES

The website www.cwu.co.nz is one of the most popular websites in New Zealand despite catering for just one region.

Canterbury Weather Updates is a household name in Canterbury. We're now one of New Zealand's most renowned and sourced weather providers, providing hundreds of thousands of people each year with highly personalised weather content on social media and on our website.

Our focus is purely on the Canterbury region meaning our detail and accuracy is of a high standard. We're unique in the way we operate; we don't use computer generated models and maps but take into account real, current observations and reports from throughout the region, meaning we get all the latest on what's happening, and crucially, what's about to happen.

All our content is personally moderated; we 'feed' no computer generated or generic content into our forecasts.

Cantabs tune in every day online, whether it's planning their day, doing something active on the Port Hills or the Southern Alps, gardening, moving livestock or just hanging out the washing - Canterbury is engaging daily with Canterbury Weather Update on special media and on our website.

With a growing visitors base and over 280 000 unique visitors in the last year, our online presence is significant across the Canterbury Region; not just in our major towns and cities but smaller rural communities which now have highly moderated content at their fingertips.

Our weather forecast content attracts a large and varied visitor base as outlined in our media kit and provides fantastic and unique opportunities for reaching a significant audience online here in the Canterbury region.

Our products and service are continuously being updated with new information, functionality and features to ensure Canterbury Weather continues to offer highly detailed, comprehensive and valuable weather content for the people of Canterbury. We're flexible and adaptable to meet your specific request.
